

## Call for Reviewers

Application Deadline: **Friday, January 4th, 2019, 5:00 p.m. EST**

Greenbuild is seeking peer reviewers to evaluate proposals for education sessions at the 2019 Greenbuild International Conference and Expo. Peer reviewers help maintain the outstanding reputation of Greenbuild by identifying exceptional and timely presentations. Engaging highly qualified reviewers with expertise and experience in technical content areas defined in the [Call for Session Proposals](#) is essential to the ongoing success of the Greenbuild education program.

### Basic Requirements for Reviewers

- Expertise in subject(s) covered by one or more program topic areas
- Previous experience reviewing proposals for related conferences or publications
- Commitment to complete review of all assigned proposals (typically 20-25) by February 5th deadline
- Research Reviewers: Familiarity with advanced green building topics; knowledge of existing body of research relevant to one or more research topic areas

### How to Apply

All applicants must complete the application online at <https://usgbc.wufoo.com/forms/m19lpanp1h0op42/> by **5:00 p.m. EST on Friday, January 4, 2019**. *Emailed, faxed or mailed applications will not be accepted.*

### Timeline

November 20, 2018	Call for Reviewers opens
January 4, 2019	Deadline for Reviewer Applications is 11:59 p.m. EST
January 22, 2019	Reviewers receive notification of acceptance and review assignments
February 5, 2019	Deadline to complete review of all assigned session proposals is 11:59 p.m. EST

### Reviewing Policies

Each reviewer will receive electronic access to a range of 20-25 submissions by January 22 and will need to complete online evaluations no later than February 5, 2019 at 5:00 p.m. EST. **Please note that serving as a reviewer represents a significant time commitment and responsibility for ensuring timely and thorough reviews of all assigned proposals.**

Reviewers are eligible to present at the conferences. They are prohibited from reviewing session abstracts submitted by professional colleagues employed by the same organization. Those who complete their assignments for the Greenbuild International Conference and Expo and related tracks will receive a \$100 discount off of a Greenbuild Full Conference registration. This discount is non-transferable and may not be combined with any other discounts. Individuals who have completed assignments as reviewers in previous years are encouraged to apply.

## Scoring System

All session proposals will be reviewed and scored during the first round by a team of volunteer reviewers using a 20-point scale. Those with the top scores will move on to a second review by experts in the related topic categories. These rankings will be used by the Program Working Group to select presenters and sessions for the final program. Reviewers will rate proposals using the following scoring system:

Max Value	Criteria
4 points	The speakers have demonstrated knowledge and the ability to present material in an effective and meaningful way.
3 points	The learning objectives are clear, relevant to the topic presented and challenging to the Greenbuild audience.
4 points	The proposed session provides attendees with relevant, timely, and applicable content.
2 points	The proposed session aligns with the specified format and length.
3 points	This session offers innovative or inspirational content to green building professionals.
4 points	I would recommend this session to an attendee interested in the subject matter.
+1 Point Diversity of Presenter	Presentation submittals will earn an extra point if at least one presenter/panelist in the submission is from a group underrepresented in the green building and sustainability community (based on, without limitation, such criteria as gender, race, ethnic identity) and/or offers another unique industry perspective.
Max value: 21 points (out of 20)	(20 base points +1 bonus point for Presenter Diversity)

## Preferred Presentation Topics

The Working Groups that report to the Education Events Committee will build session tracks for the conference using the topics listed below. During the application process, you will be asked to indicate which topic area you would like to review. The following descriptions are representative of the proposals that could be addressed in each topic.

## Greenbuild Presentation Topics

<b>Affordable Housing</b>	Strategies; Leverage; Design and Construction
<b>Building Performance</b>	On-going Operational Performance; Post-Occupancy Studies; Building Envelope Commissioning; Operations and Maintenance
<b>Codes and Certification Systems</b>	Third Party Certifications (including LEED, SITES and WELL); Application and Impact of Codes; Local Energy Reporting; Applying Standards Internationally
<b>Community and Neighborhood Development</b>	Ecodistricts; LEED-ND; Urban and Regional Planning; Food Security; Transportation Systems; Community Revitalization
<b>Cultural Context</b>	Location-Specific Design Concerns; Historic Preservation; Planning and design that strengthens/renews the historic and social fabric of a community
<b>Design Innovation and Application</b>	Regenerative Design; Biophilia; Modular; Universal Design; Adaptation; Flexibility, Integrative Process; Technology
<b>Energy Efficiency (New and Existing Buildings)</b>	Demand Reduction; Increasing Efficiency; Building Systems; Lighting Design; Energy Efficiency in Historic Buildings; Deep Energy Retrofits
<b>Existing Buildings</b>	Historic Preservation; Rehabilitation; Restoration; Adaptive Reuse

<b>Finance, Insurance, Legal and Appraisals</b>	Financial Aspects and Implications; Financial Risk Analysis; Insurance and Appraisals; Green Building Finance; Sustainable Return on Investment; Residential Finance and Market Development; Legal issues related to green building and green leases
<b>Government, Policy and Advocacy</b>	Policies/Programs; Impacts of Policies/Programs; Incentive Programs; Environmental and Community Advocacy
<b>Green Schools</b>	K-12; College; Campus; Curriculum Development in K-12, Higher-Ed
<b>Health and Well-Being</b>	Productivity; Health Issues; Human Behavior; Human Comfort; How Place Affects Behavior; Human Psychology; Ergonomics; Evidence-Based Design; Active Design; IAQ; Operations and Maintenance; Day Lighting; Acoustics
<b>Infrastructure Systems</b>	Electrical Grids; Bridges; Roads; Mass Transit
<b>Market Transformation</b>	Advocacy; Marketing; New Trends in Business Models; Consumer Education; Sharing Economy
<b>Materials</b>	Life Cycle Assessment; Resource Recovery; Zero Waste; EPDs and HPDs
<b>Multi-Family Residential Development</b>	Innovative Residential Systems (e.g. Water, Energy, Waste, IAQ); Construction Techniques; Transit-Oriented Development (TOD); Community Development; Placemaking
<b>Net Zero</b>	Energy; Water; Waste; Carbon; Net Zero 2020
<b>Professional Development and Training</b>	Vocational Programs; Credentials; Mentorship; Green Jobs
<b>Renewables</b>	Solar; Wind; Small Scale Hydro; Fuel Cells; Algae; Utility Grid Connections; Energy Disaggregation; Energy Storage
<b>Resilience</b>	Adaptation; Climate Change; Vulnerability Assessments; Disaster Response; Energy; Land
<b>Single Family Residential Development</b>	Tiny Homes; Modular; Pre-Fab; Mass Production; Custom; Historic Preservation; LEED for Homes; Net Zero Alternative Construction Techniques (Energy Star, Passive House, etc.)
<b>Site, Civil and Landscape</b>	Campus Planning; Landscape; Ecosystem Services; Hydrology; Ecology
<b>Smart Grid/Smart Buildings</b>	Demand Response; Intersection of Utility Infrastructure and Building; Technology; Microgrids; Storage; Grid Modernization
<b>Social Responsibility, Community Action &amp; Engagement</b>	Community based Sustainability Initiatives; Community Participation, Climate and Environmental Justice; Social Equity; Corporate Social Responsibility
<b>Urban Mobility</b>	Accessibility; Transportation; sustainable transport modes; Parking
<b>Water</b>	Water Efficiency; Wastewater; Process Water; Greywater; Water Footprinting; Water Neutral; Utilities; Green Infrastructure
